OBJECTIVE

Seeking a Full-Stack role leveraging expertise in Java, Next.js, FastAPI, and AI/ML to build scalable, production-grade applications.

EXPERIENCE

Infosys SpringBoard

Nov 2024 - Jan 2025

AI/ML Intern

Remote

- Built CNN model using TensorFlow achieving 97.5% accuracy on 10-class classification (5000+ images); applied data augmentation techniques
- Reduced model size by 35% using quantization and pruning; tested 5+ optimizers (Adam, SGD, RMSprop) for deployment efficiency

ThrivesUp Consultancy Services Pvt Ltd

Jul 2025 - Sep 2025

Java Backend Intern

Indore

- Developed 12+ RESTful API endpoints using Java, JDBC, and MySQL for Academic Record Management
- Optimized database queries reducing response time from 500ms to 80ms; implemented transaction handling and error logging for 1000+ records

PROJECTS

BetterBee : Multimodal RAG Platform | GitHub | Next.js, FastAPI, LangChain

Mar 2026 – Ongoing

- Built a production-ready Multimodal RAG platform supporting PDFs, images, DOCX, and code files.
- Implemented semantic search using Ollama embeddings, pgvector, hybrid retrieval, and reranking.
- Developed secure APIs, conversational memory, source citations, Dockerized deployment and streaming responses.

Freelancer: Job Marketplace | GitHub | Next.js, TypeScript, Tailwind

Nov 2025 – Feb 2026

- Full-stack job marketplace with role-based dashboards (freelancer/client/admin), job filtering, and real-time application updates
- Implemented mentor booking with calendar scheduling, star rating system (1-5), and Razorpay payment processing
- Integrated Clerk OAuth authentication; optimized bundle size from 350KB to 120KB achieving 92+ Lighthouse score

EDUCATION

Mandsaur Institute of Technology

Mandsaur, MP

B.Tech CSE (AI) | CGPA: 7.95

Aug 2022 – Jun 2026

Delhi Public School

Mandsaur, MP

Class XII | 73.6%

Jul 2021 – May 2022

Class X | 77%

Jul 2019 – May 2020

SKILLS

- Languages: Java, Python, JavaScript
- Frontend: Next.js, React, Tailwind CSS
- Backend: FastAPI, Node.js, JDBC
- AI/ML: LLMs, RAG, LangChain, LangGraph
- Databases: MySQL, MongoDB, ChromaDB
- Tools: Git, Postman, Docker

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL: Programming in Java
- Infosys SpringBoard: AI/ML Internship
- Google Cloud: Introduction to AI & ML
- Ranked #42 Globally, DevFest.AI 2024
- Organized multiple national-level hackathons
- Hacktoberfest: Level 4 in 2024 & 2025
